

Comhairle Cathrach & Contae Phort Láirge Waterford City & County Council

SECTION 38 ROAD TRAFFIC ACT 1994 - TRAFFIC CALMING SCHEME COMMENCEMENT OF PROCESS ALONG R675 COAST ROAD AT BOATSTRAND, CO. WATERFORD

Waterford City & County Council proposes to undertake road improvement works along R675 at Boatstrand Village and the Junction to Boatstrand Harbour. The works will include improvements to the road alignment, improvements to sightlines, introduction of gateway signage, new surfacing and road markings, new footpaths and street lighting as well as a raised speed table at the junction with uncontrolled pedestrian crossings incorporated.

The purpose of the scheme is to improve pedestrian safety and accessibility to the harbour and to reduce the speed and dominance of vehicular traffic through the settlement.

The scheme will prioritise pedestrian and cycle movements over vehicles and promote active travel by providing a safe environment for pedestrians and cyclists to travel along the R675 between the main settlement in Boatstrand, the camping area, the harbour and those travelling to the harbour via the L4004 Kilsteague Road. The drawing is available for inspection in our Customer Services Departments in Davitts Quay, Dungarvan and Bailey's New Street, Waterford and on our website <u>www.waterfordcouncil.ie</u> during the period **18th November to 19th December 2022.**

The Council will consider any submissions or observations made in writing regarding the proposal. Submissions should be lodged with Maria Goff, Senior Executive Engineer, Roads Department, Waterford City & County Council, Menapia Building, The Mall, Waterford or by email to <u>mgoff@waterfordcouncil.ie</u> to be received by **4.00 p.m., 19th December 2022.**

Fergus Galvin Director of Services Roads, Water and Environment

18th November, 2022.
