If so, you may qualify for financial assistance from the **Local Agenda 21 (LA21) Environmental Partnership Fund 2015**. This fund promotes sustainable development by assisting small scale, non-profit environmental projects at local level.

Does Your Project Qualify?

A wide variety of projects and schemes have been supported under the Fund in previous years, including community gardens and allotments, compost schemes, rainwater harvesting, workshops, biodiversity projects, waste reduction initiatives, educational initiatives and environmental exhibitions.
